

## Society of Women Engineers

*Brown University*

Within the Brown community, SWE promotes women in engineering by organizing community-building activities, sponsoring professional development opportunities, and forming mentoring relationships between upperclassmen and first year engineering students.

By sponsoring SWE, your organization will support women in engineering and engineering education at Brown; enhance the visibility of your products and services to students, faculty, alumni, researchers, and higher education leaders associated with Brown; and, enhance your organization's ability to outreach and recruiting to top engineering student for internships and full-time career opportunities.
